March 2019

...to strengthen, enhance and protect our members through political advocacy, economic development, community promotion and member programs and services.

Jordan Cove Pipeline Project Moves Forward

Project Update at March Luncheon

The Roseburg Area Chamber of Commerce's March membership luncheon program will provide an update on the Jordan Cove Pipeline Project to be presented by Michael Hinrichs, Manager, Media & Communications with Jordan Cove & Pacific Connector. The project as you know consists of a 232-mile pipeline starting in Malin, Oregon that travels across Klamath, Jackson, Douglas and Coos Counties until it connects with a proposed natural gas export facility at the Port of Coos Bay.

Project information will include updates on permitting, right-of-way acquisition progress, benefits to Douglas County and details about Jordan Cove's new parent company, Pembina. Pipeline project-related developments this year will also be discussed.

Reservations from Roseburg Area Chamber members have priority over non-members. Get your reservation in early to ensure your seat. The chamber's March 11 membership luncheon, sponsored by **Umpqua Training & Employment**, is from 11:30 am to 1:00 p.m. in the community conference hall at the Douglas County Fairgrounds.

Cost for members is \$20 per person and \$150 for a table of eight. For non-member businesses and the general public, the cost is \$30 per person. Tickets may be purchased **online here** or by returning with the flyer on page 5. Please note reservations are required and tickets will not be sold at the door. **Reservation deadline is noon on Friday, March 8.**

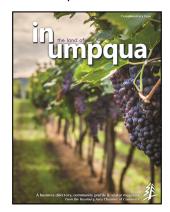

Buy tickets <u>online here.</u> See flyer on page 5

Best Advertising for Members

Advertising sales for the chamber's 2019-20 publication of *InUmpqua*—a business directory, community profile and visitor magazine, are now being accepted. Thousands of copies of the *InUmpqua* are distributed to residents, businesses and visitors each year throughout Douglas County and the state of Oregon.

This publication remains one of the best advertising mediums

available to market your goods and services to other businesses, residents and visitors alike. It also presents an opportunity to support the chamber, as a portion of ad revenues underwrites the chamber's annual operating expenses. The chamber's *InUmpqua* publication is posted on the chamber website increasing visibility and readership. Our online issue provides our advertisers with a link to their website for added marketing value. The chamber provides the online version and

web link at no extra cost. Advertising rates for 2019-2020 publication

Maximize Your Membership Benefits with Chamber 101

Roseburg Area Chamber members have opportunities and a long list of membership benefits to support your professional business needs, including customer referrals, networking events, advertising options, directory listings and much more. The chamber looks forward to inviting members to meet at Chamber 101.

On Wednesday, March 20 from 8:00 a.m. to 9:00 a.m. members will meet in the chamber's conference room to learn more about what the chamber has to offer and the advantages of membership. Attendees will get an in-depth chamber overview and information regarding its programs, services, goals and benefits.

Perhaps your business has been a member of the chamber for years, but is now under new ownership or management. Find out how to best utilize the tools we provide and make new business contacts to expand your social pool. RSVP by Monday, March 18 to Laura at (541) 672-2648 ext. 23 or send an email to:

sales@roseburgareachamber.org.

RACC Update on Visitor Services

Dear Valued Members,

The Roseburg Area Chamber of Commerce has not only been honored to serve as this community's destination marketing organization (DMO) for more than 25 years, it is proud of the work it has done on behalf of local hotels and the hospitality industry.

The Roseburg Area Chamber and its leadership respects the city's right, as the local governing entity, to enter into, change or terminate contracts for services. The chamber has never viewed the contract dollars as its money and those dollars are not used for the benefit of the chamber's general membership operation. The chamber's membership operations and the chamber's visitor center/visitor services (VC/VS) operations are managed as two separate "subsidiaries" of the chamber with separate budgets, budget years (one calendar, one fiscal), separate checking accounts/separate banks, separate staff. This has been the case for nearly 25 years. The chamber's membership operation is not affected financially, by the chamber's VC/VS operation or whether the chamber has the contract. The chamber's membership operations is financially independent and strong.

With regard to the contract, the chamber has always understood its role was to be a good steward of the transient lodging tax (TLT) money for the use and benefit of the hotel/hospitality industry, as intended under the contract and state law. Again, not our money. There is no question the chamber fulfilled its obligation for the past 25+ years and it continues to this day.

The chamber has also long-recognized that these dedicated dollars are not the city's money or the public's money. Although collected and managed throughout Oregon by local and state government entities, TLT dollars are industry dollars. It is money generated by overnight stays in hotels; ultimate use is mandated by state law with the primary purpose to be spent for the benefit and growth of the hospitality industry, which ultimately benefits all businesses and the community. The standard under state law, within the hospitality industry and even the city-chamber professional services contract, is to put heads in hotel/lodging beds.

While the chamber recognizes the city's desire to make contract adjustments or change course, the chamber is disappointed by the city's decision to not conduct the ROI (return on investment) evaluation study previously approved by the council last fall. Chamber president & CEO Debbie Fromdahl stated on several occasions that the chamber welcomed the study. The chamber continually collects data to discern the return on investment of the money for which we are simply stewards. The chamber was and is confident an independent study would confirm the work we've done on behalf of the hospitality industry without question.

The chamber was never made aware why the city had a change of heart related to the study, but does question the motive behind the inaction. The chamber, as requested, provided the city with the name of an outside third-party consultant. A consultant who as an expert in industry standards came recommended by the Oregon Restaurant & Lodging Association (ORLA) with a history of studies accepted by the hotel industry, destination marketing organizations and government entities. After years of good faith and exceptional service provided by the chamber, chamber leadership is also dismayed by the lack of or last minute communications from the city related to the contract and the council's decision.

The chamber expects that the city's decision lies in its desire to keep more of the dollars under city council and city staff control. This is understandable, since under the chamber's management, the TLT dollars have continued to grow significantly, especially in the last six years. This is a credit to the efforts of the chamber and effective management of those TLT dollars. However, even under city use or direction, the use of TLT money must comply with the mandated use under Oregon law.

The city has advised the chamber that since this termination has **nothing to do with** "cause," the chamber is welcome to submit a proposal to any Request For Proposal or Request For Bid issued by the city. The chamber board of directors has made no decision about whether or not the chamber will submit a proposal, or multiple proposals. This is a

Continue next page

Visitor Services

matter the chamber board will address at a future meeting. Whatever the chamber board ultimately decides, be assured that the decision will be what it believes is in the best interest of the chamber membership and the greater business community. A decision that ensures we serve all our members fairly and equally.

The chamber is anticipating the city may break the existing "full-service" contract into multiple service contracts. Hypothetically, the city could reduce visitor center hours, days of operation and change location to city hall, the library or any other city-owned facility or it could keep at its current location. Marketing and promotion efforts could be separated out and other functions/programs could be added. At this time, the services requested are unknown.

For years, Roseburg Area Chamber leadership has grappled with some of the challenges of having a government contract. The restrictions on what materials can or cannot be placed in the visitor center, the lack of space not allowing chamber members the opportunity to display their materials, all in a building that the Roseburg Chamber raised over \$700,000 to build, are just a couple of those challenges.

There has always been a challenge regarding staff time. The chamber's president/CEO spends, at a minimum, 20% of his/her time on the visitor center/visitor services operations, the chamber's executive assistant answers the phone, chamber staff does the lion's share of the visitor center operation's financial management. All of this staff time is paid for by the chamber's members, a significant benefit to the visitor center/visitor services side of the chamber operations, but at times a disservice to the chamber membership side of the operations. It is just one of the reasons why so many chambers of commerce no longer hold contracts with local municipalities for such services.

At the end of the day, past decisions by the chamber board, with support of chamber staff, has been to continue the work under the government contract on behalf of a very important industry in our community. Promoting our community as a visitor destination is something the chamber has done right and done well. The chamber has provided the highest level of care and integrity managing the hotel and hospitality industry money. Chamber leadership and industry leaders have held the belief that there isn't another local entity that would care so much, make similar sacrifices, underwrite portions with their own money and maintain best use of the dollars, as the Roseburg Area Chamber has done and continues to do.

Having said that, the potential positives for the chamber and its membership as a result of city council's decision is, the chamber would be freed up to focus entirely and exclusively on its membership without constraints. There are a number of business and economic development endeavors the chamber has had on hold due to lack of staffing resources that it can now start doing.

The chamber has recently formed three new business councils under the chamber umbrella—(1) Douglas County Manufacturing Industry Council, (2) Douglas County Hotel/Lodging Industry Council and (3) Douglas County Retail Council. These industry councils will convene and work with counterparts in their respective industries to identify needs for sustainability and growth. The councils will assist the chamber and countywide partners to address issues facing our businesses from current and future workforce needs to industry ideas/best practices sharing to political engagement and more. The councils will support the chamber's efforts to assist these Douglas County employers with retention and expansion efforts to grow our Douglas County economy. Look for more information in the coming weeks!

Let's be clear, the chamber will still "do" tourism! No chamber, whether they have a government contract or not, gets away from visitor services. Who do you think people call or email when interested in visiting an area for relocation or leisure? A chamber of commerce, of course...for maps, brochures, information, referrals and more. It's why the chamber (under its membership operations) produces a map, the *InUmpqua* publication, relocation guide, is soon launching a new website and will have future print and digital publications. **But now, the chamber can exclusively refer members, even on the visitor inquiries.**

The Roseburg Area Chamber of Commerce has guaranteed that there will be no lapse in promotion of Roseburg, Douglas County and the beautiful Land of Umpqua, as a visitor destination during any transition. Most of our integrated media plan contracts—digital, print, broadcast and billboard—through the high season (September) have already been negotiated and signed. Each year, this occurs long before "air/print" dates. The chamber's service and respect for our visitor and hospitality industry would never allow for lapses of any kind, whether related to the marketing of our community, responding to calls or emails or greeting visitors and local citizens at our physical location.

The Roseburg Area Chamber of Commerce has long served this business community and our community as a whole. With the evolution of business advocacy organizations, more and more chambers have passed on government contracts. The Roseburg Area Chamber continued to provide this service because leadership believed it was the right thing to do on behalf of this significant industry. With or without the city contract, the chamber will continue to support the very important hospitality industry and all our businesses throughout Douglas County. Let us say it again, whether the Roseburg Area Chamber of Commerce holds a visitor services contract, or any other external contract with any private or public partner in the future, does not change our membership operations and the chamber's focus to serve, promote and protect our member businesses.

Best regards,

ROSEBURG AREA CHAMBER OF COMMERCE

Allen Pike, 2019 Chairman Board of Directors Debra L. Fromdahl President & CEO

Legislative Overview

Here's some of the legislation your chamber is monitoring:

- Cap and Trade Legislation
- Using SAIF Reserves to Pay for PERS Pension Debt
- Major Business Tax to Fund
- Medicaid Funding Via a Direct Tax on Small Local Business
- Small Business Tax Repeal
- Changing Oregon Law to Allow Government Use of Hotel Tax for Workforce Housing
- Workplace Marijuana Accommodation . . . and so much more!

Attend twice-monthly legislative conference calls at the chamber for current information. March 12 and March 26 at 7:00 a.m.

Green Elementary School to Get Playground Make-Over

Chamber Leadership Program Selects Community Benefit-Project

Each year the Roseburg Area Chamber of Commerce's Project Leadership class selects a community-benefit project that provides them with the opportunity to take on leadership roles in the planning, funding and completion of a project that positively impacts the well-being of our community and its residents.

This year's Project Leadership class have selected a project to improve the playground at Green Elementary School by upgrading safety measures, increasing physical activity, implementing academic integration and promoting school and community pride.

The class will remove the existing pea gravel and replace it with wood chips, paint current activity areas on the playground as well as add more painted activities such as a roshambo game and a 1/10th mile track.

Project Leadership participants have already formed task groups to complete the project by May 2019. The class will be collecting tax-deductible donations over the next several months to make this project a reality. Those interested in making a contribution to this project may send a check payable to the Roseburg Chamber of Commerce Foundation, PO Box 1026, Roseburg OR 97470. Please note on your donation that it's for the "Project Leadership Class Project." See the flyer on page 9.

Project Leadership Roseburg is a business leadership development program of the Roseburg Area Chamber of Commerce. This annual program challenges participants to increase their knowledge about Roseburg and Douglas County and become more actively involved in our community. The chamber greatly appreciates the incredible support we continue to receive from our members and the Douglas County business community each year.

Got Business News?

CHI Mercy Health is celebrating its 110th CHI Mercy Health anniversary. Established in 1909, CHI Mercy Health has been a longstanding medical services provider to the community and employs over 1,000 people.

Roseburg Forest Products purchased another Roseburd timber manufacturing plant, located in El Dorado, Arkansas. This is the third plant they have acquired

in the past four years, completing their manufacturing plant triangle and will be vital to their continual expansion.

United Community Action Network has announced that Executive Director Mike Fieldman intends to retire later this year, after 20 years of leading the organization. Congratulations to Mr. Fieldman for his steadfast

leadership and devotion to making a positive impact in our community.

Send Us Your Got News?

Has your business moved, changed contact information or expanded? Are you celebrating a company anniversary or receiving an award? Added new staff? Do you have employees who have received a promotion, recognition awards or completed a specialized training? These are potentially newsworthy items that you can submit to the chamber's "Got News?" section. Submit your business news online here or send an email to sales@roseburgareachamber.org.

Last Chance to Launch with the Chamber Website

The chamber is eager to launch its new website, expected in mid-March. The new website will offer members access to many fresh and helpful online features. Due to the attention the website launch will receive, this is an excellent opportunity to secure a placement for your corporate banner to increase business exposure.

There will only be six corporate banner spaces on the home page and three spaces on interior pages available to purchase. Your online banner will prominently feature your company's logo and link to your company's website. Join the chamber in its widely anticipated launch and claim a banner for your business today! For further details, please call Laura at (541) 672-2648 ext. 23 or email sales@roseburgareachamber.org.

Promoting Roseburg and the Land of Umpqua

...Just One of the Many Things the Chamber Does Best

When it comes to picking a travel destination, potential visitors usually need a few ideas served up and a bit of convincing before they separate themselves from their hard-earned money. There was a time when Roseburg wasn't much of a contender on the list for individuals looking for a vacation destination. Through the promotional efforts of the chamber in marketing Roseburg and the Land of Umpqua, this is no longer the case and there has been significant growth in the number of visitors to our area.

The success of the marketing campaigns implemented by the chamber have increased the amount of Transient Lodging Tax collected from visitor hotel stays. By putting "more heads in beds" the amount of tourism industry dollars for promotional efforts has increased, which in turn, allows for further expansion of promotional efforts into more prominent markets, thus reaching more potential visitors and allowing Roseburg to compete with popular destinations. More visitors means more money spent at businesses in our community.

Expanded promotional efforts will be putting Roseburg in front of television viewers in the Portland Metro area—one of the top tourism markets for this area. New commercial campaigns are being created for 2019 and will be broadcasting this spring. The chamber will launch the new commercials alongside a vacation sweepstakes giveaway for two to Roseburg.

In addition to the new commercial campaign, the chamber is also creating new print advertising for 2019. Following visitor trends from markets outside of the state, the chamber will be using the new ads to increase exposure in the Seattle, Washington market. The strong response from magazine ads placed in Alaska Airlines in-flight magazine will see more exposure in 2019 with the merging of Virgin Airlines' publication. Resulting from this merge, the chamber's new ads will be front and center to more than 3 million passengers.

Member Advertising

remain the same as last year. The *InUmpqua* is a great tool for employers and the community; it is distributed in the visitor center and to chambers

and visitor centers around the state. This publication is also used for new physician recruitment, relocation information provided to prospective new businesses and residents, various economic development endeavors and distributed by tourist destinations throughout the region.

Secure advertising space for your business in the chamber's 2019-20 InUmpqua

A copy of the advertising rate sheet/
