The purpose of the program is to provide financial assistance to small businesses adversely affected by economic conditions associated with the COVID-19 pandemic that have not received federal emergency assistance under the federal CARES Act or other federal programs to date.

The funds will be disbursed to eligible small businesses located in Coos, Curry or Douglas counties in the form of grants, not loans. CCD began accepting applications on June 29, 2020.

In addition to the Reopening Business Digital Resources Center, and as you and your members face new questions and unprecedented new challenges, the U.S. Chamber has also created a comprehensive [toolkit](#) of key messages, example posts, and social media graphics for you to utilize while sharing the tools and resources with your local business communities and networks.

New! Statewide Face Coverings Mandate for Indoor Public Spaces

On June 30, Governor Kate Brown extended her coronavirus emergency order to September 4, and told business associations, that compliance with the new statewide mask order will determine whether the Governor will need to follow the lead of other states and reinstate business closures. Effective July 1, there is a statewide mandate to wear face coverings in indoor public spaces.

Here is the [Oregon Health Authority guidance](#) about which businesses are subject to the new statewide mask order, as well as the [Oregon OSHA guidance](#) for how impacted businesses should follow the order. If your business is impacted, here is what is expected:

Post clear signs at every entrance to your business stating that masks are required indoors.

- Post a staff member at each entrance telling customers that masks are required.
- If customers do not have a mask, provide one.
- If the customer refuses the mask, ask if they have a medical condition that would make wearing a mask difficult.
- If the customer indicates a medical condition exists, ask no further questions and allow the customer to enter.
- If the customer has no medical condition and still refuses a mask, tell them they may not enter the facility.

We understand the tremendous burden these guidelines place on our businesses to enforce the personal responsibility of individual Oregonians to adhere to the health guidelines. Statewide business organizations have voiced these concerns to the governor and her team.

Concerns about the availability of face masks throughout the state have been raised with the governor's office, as well. If you need masks or other **personal protective equipment (PPE)**, please check out these resources:

- Businesses in Douglas, Coos and Curry counties can now order PPE (masks and hand sanitizer) from www.sowibsupply.com.
- Personal services providers are encouraged to use Level 2 or Level 3 masks when "close-in" with customers (and face shields in some circumstances). Medford's own Quantum Innovations is one of the few places that have these masks in stock. They also sell surface disinfectant, no-touch thermometers and more: <https://qtmi.net/shop/>
- Business Oregon has launched a new resource for businesses struggling to find PPE: <https://supplyconnector.org/states/oregon/>
