Commercial Rent Relief Grants for Small Business Closes May 6!

Business Oregon opened the second round of its grant program for building owners to cover outstanding lease payments from small business tenants behind on rent due to COVID-19 on April 22. Act quickly. The grant application program is only open for two weeks, closing on May 6, 2021.

The grants can go up to \$100,000 per each business tenant, but no more than \$3 million for each landlord. This grant program is NOT first-come, first served. There is approximately \$42 million in funds available this round (there was \$49.9 million available in round one and nearly \$65.4 million in grant application requests). Applicants not selected in round one are automatically entered into round two. Applications will be chosen by a random lottery system in any geographic region that has more applicants than funds available.

This program helps small business tenants with 100 or fewer employees. Both the business tenant and the property owner will need to participate in the application process and sign the grant agreement, but the initial application needs to be completed by the landlord.

Minor changes to round two of the grant program include, the minimum grant amount is now \$500 (reduced from \$1000), landlords can be publicly-traded businesses and sole proprietors do not need to register their business with the Secretary of State, if they are not otherwise required to do so.
