

**Oregon State Chamber of Commerce  
Legislative Update  
“2023 Oregon Legislature Recap”**

Dear OSCC Members & Colleagues –

Each year, OSCC represents the legislative priorities of the 86 local chambers of commerce members of the OSCC. These priorities reflect our collective desire to support our local economies by advocating for legislation that keeps our businesses and communities strong.

The 2023 Oregon legislative session proved to be one of the most chaotic and dramatic sessions in recent memory. There were significant changes to the make up of the legislature and its leadership, a new governor with new personnel, and the longest legislative stand-still in history. All in all, it was uncharted territory for everyone.

Please download the 2023 legislative report, link below, prepared by Public Affairs Counsel, advocate on the legislative priorities for OSCC and the Oregon chambers OSCC represents.
