

Economic Forecast 2025

[GET TICKETS!](#) Get your tickets for the Roseburg Area Chamber's Economic Forecast 2025, held on November 18. The EF 2025 program will review this past year and the economic impacts on our businesses, county and state. Our expert panel of presenters will explore the issues, political climate and specific industries and, share their projections and insight about what business might expect in 2025. Presenters will also discuss potential impacts resulting from November's general election.

Leading our panel of presenters this year is Mark McMullen, Vice President of Policy and Research with Common Sense Institute. Mark brings a wealth of expertise to CSI, having served as the longest-tenured Chief Economist for the State of Oregon under three governors.

Joining McMullen on the panel will be Jeremy Rogers, Director of Legal Affairs & Public Policy for the Oregon REALTORS®, Nick Smith, Executive Director for Healthy Forests and Healthy Communities and a fourth presenter TBA. Prior to joining Oregon Rogers REALTORS® Rogers spent more than a decade working with leaders in the manufacturing, technology, health care and energy sectors to identify and solve public policy challenges affecting business and economic development in Oregon. Smith's background is in public policy and communications, having worked in the Oregon Legislature in various capacities and having served several members of leadership in the House of Representatives. He founded Healthy Forests, Healthy Communities in 2013, a non-profit, non-partisan grassroots coalition that advocates for active forest management on federally-owned lands. Watch for more EF 2025 information in future "Chamber News" membership emails.

Advance ticket purchase is required. [Tickets are on sale now](#). Deadline to purchase tickets is Thursday, November 14 at 5:00 p.m. Economic Forecast 2025 sponsors include [Addcox Heating Center](#), [Con-Vey](#), [Lone Rock Resources](#), [Marco Pharma International](#) and [Roseburg Forest Products](#).

VOTE!

Only five days to left to vote and we cannot emphasize enough how important it is for our members to VOTE. We also hope you'll join us in advocating for a NO vote on [Measure 118](#). In addition to our opposition to Measure 118, the Roseburg Area Chamber has made endorsements in local legislative and city council races. For more information about the chamber's 2024 endorsements please see page 4 in our [September/October issue of Business Perspectives newsletter](#) online. A vote for chamber-endorsed candidates is a vote in support of local business.

Have a Safe and Happy Halloween! 

Debbie
