

Get Your Tickets Now!

The program at the chamber's October 21 membership meeting lunch will be a candidate forum for the U.S. 4th Congressional district. The chamber confirms the attendance of Pacific Green Party candidate Justin Filip and Republican Party candidate Monique DeSpain. Democrat incumbent Congresswoman Val Hoyle and Libertarian Party candidate Dan Bahlen have been invited, but not confirmed. [GET TICKETS!](#)

Attendees will hear directly from the candidates. There will also be an opportunity to submit questions to candidates in attendance. The chamber encourages members to come prepared with business-related, business-relevant questions. Also, be prepared to write your questions down. As most of our members are aware, the chamber will provide notecards on dining tables for attendees to submit questions for consideration. The chamber does not take questions from the floor during candidate forums.

Chamber membership lunches are held from 11:45 am to 1:00 pm at the Douglas County fairgrounds. **Advanced online ticket purchase is required. Tickets are not sold at the door.** The last day to purchase tickets and secure attendance is Noon on Wednesday, October 16, no exceptions. The chamber's October membership meeting lunch is generously sponsored by [Rogue Credit Union](#).

"NO on Measure 118" Yard Signs Available!

Only 12 days until ballots are mailed out for November's general election. The chamber has "NO on 118" yard signs available. If you/your business would like a sign, [email me HERE!](#) We have ordered business window signs and bumper stickers and will let you know when we receive them!

Reminder! Measure 118 Toolkit is Available. Last week, the Defeat the Costly Tax on Sales Coalition released an Outreach Toolkit for employers and coalition members. The chamber recognizes that for many of our members, direct engagement in political activity of any kind – either through communication with your employees, your customers, or vendors – requires careful consideration. This toolkit is intended as a resource for interested members as you think of various ways to communicate about Measure 118.

If you are interested in receiving the toolkit and associated resource documents, [CLICK HERE](#) and we'll email it to you. While the "NO on Measure 118" will have a good deal of paid communication, this type of grassroots connectivity is vitally important. It's trusted, it's personal and it's local. Thank you to our members who have already reached out to get the toolkit!

Have a wonderful weekend!
